

# MOTOR VEHICLE INDUSTRY

## Body assembly

## CMC solution - Clever Modular Concept

### TEXALIS | CARDEL

Tear-proof and electrical insulator

Limit adhesion of splatter

Fire-proof class M1

Resist water and oil leaks, etc.

**Patented solution**

Guaranteed  
silicon free

Management  
System  
ISO 9001:2015

www.tuv.com  
ID 1100017006

Multiple advantages :

- . One-piece cover consisting of several panels and adjustable to all types of welding guns
- . Intuitive installation and removal without tools in less than 10 seconds
- . Manufacture with a single seam for better overall resistance to weld splatter
- . Side panels connected to the front face to make removal of the cover easier.

## TEXALIS

Aramid texture | Coated with aluminized rubber on one face and green rubber on the other

Guaranteed silicon free

Waterproof

Double side coating

Fire class M1

Washable

Repairable

Ripstop

Aramid basis fabric

Guaranteed halogen free

REACH compatible

RoHS 2

## CARDEL

Aramid texture | Coated with green rubber on one face and black rubber on the other

Guaranteed silicon free

Double side coating

Fire class M1

Washable

Repairable

High level of spark resistance

Aramid basis fabric

Ripstop

Guaranteed halogen free

REACH compatible

RoHS 2
